

Pierce Group Benefits Has Partnered with FSAStore

Know what you can and can't buy with your FSA dollars

FSA Products • FSA Services • FSA Learning

With all the recent changes to Flexible Spending Accounts (FSA) due to Health Care Reform, it can be difficult for employers and employees to know which products and services are FSA eligible and which ones are not! To make things even more confusing, some over-the-counter medications and products require a prescription and some don't, even if those products are FSA eligible.

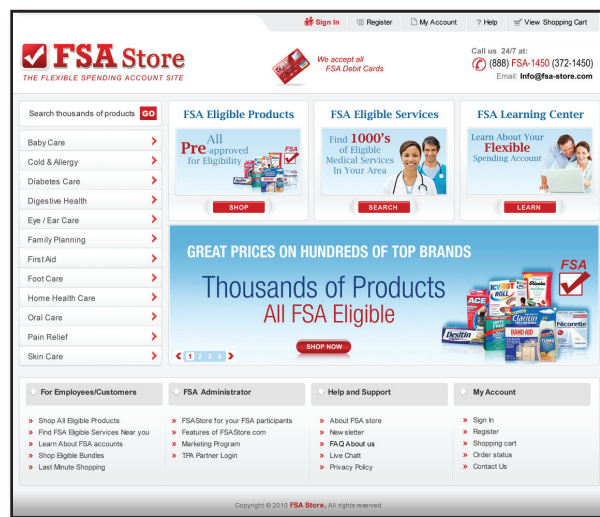

WE ARE HERE TO HELP

Pierce Group Benefits recently partnered with FSAStore to help you and your employees better understand the many valuable uses of your Flexible Spending Accounts. Through our partnership, Pierce Group Benefits and the FSAStore can help you shop for FSA eligible items, search for local and eligible physicians, and answer the many questions that come along with having a Flexible Spending Account.

COMPONENTS

The FSAStore focuses on three main channels to help you and your employees better understand your benefits and eligible services and products as an FSA participant:

- **Products** – Shop for more than 4,000 FSA eligible products
- **Services** – Find FSA eligible services and providers in your area
- **Learning Center** – Learn more about your FSA and get answers to your questions

BENEFITS

By utilizing FSAStore, you get the following benefits:

- Easily understand which products require a prescription and which do not
- Get access to FSA eligible services and providers in your area
- Find answers to commonly and not-so-commonly asked FSA questions
- Enjoy free shipping on orders over \$50 with a short 1-2 day turnaround time
- Have access to 24/7 customer support
- Get your favorite brands at discounted prices
