

You're Committed to Your Students' Safety. AND SO ARE WE.

That's why Pierce Group Benefits is proud to offer
STUDENT ACCIDENT INSURANCE.

What is Student Accident Insurance?

Student Accident Insurance is a school system-established benefit that provides coverage for accidental injuries. The benefit works as a supplement to fill the gaps in existing plans that may not cover all expenses including deductibles, coinsurance and other high out-of-pocket costs. The benefit also works as your primary insurance in the event there is no other coverage.

How Does it Work?

Student Accident Insurance provides coverage for accidental injuries that occur during normal school hours or during any school sponsored and supervised activities. Additional, voluntary participation is available, extending coverage to a full 24 hours a day, 365 days a year, covering accidental injuries that take place outside of school.

So, What are You Waiting For?
